SECTION III

Financial Aid

General Information

FINANCIAL AID

There are many students in North Dakota for whom the cost of obtaining any postsecondary training is a major obstacle.

To assist these needy students, there are a variety of grant, loan, and work programs available. These programs may be funded by the local postsecondary institution, the State of North Dakota, or the Federal Government.

Since the criteria for eligibility and the procedures for application may vary from institution to institution, the interested student should contact the financial aid officer of the institution he plans to attend.

Interested students may also contact the Director of the North Dakota Student Financial Assistance Agency to obtain a booklet that describes many of the financial aid programs available and the procedures that must be followed to take advantage of them.

FOR INFORMATION, PLEASE CONTACT:
